- 27 Clarification of Tenders** 27.1 To assist in the examination, evaluation, comparison of Tenders, and qualification of Tenderers, the Procurement Entity may, at its discretion, ask any Tenderer for a clarification of its Tender. Any clarification submitted by a Tenderer in respect to its Tender and that is not in response to a request by the Procurement Entity shall not be considered. The Procurement Entity's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Tender shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Procurement Entity in the Evaluation of the Tenders, in accordance with **ITT 31**.

- 27.2 If a Tenderer does not provide clarifications of its Tender by the date and time set in the Procurement Entity’s request for clarification, its Tender may be rejected.

- 29.2 A substantially responsive Tender is one that meets the requirements of the Tender document without material deviation, reservation, or omission. Mandatory responsiveness requirements include meeting eligibility criteria specified in **ITT4.1**, signature of the Tender by authorized signatory, provision of the required securities and manufacturers authorization (where applicable). - 30.1 Provided that a Tender is substantially responsive, the Procurement Entity may waive any nonconformities in the Tender.
- 30.2 Provided that a Tender is substantially responsive, the Procurement Entity shall rectify quantifiable nonmaterial nonconformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component in the manner specified **in the TDS**.
- 31 Correction of Arithmetical Errors**
- 31.1 Provided that the Tender is substantially responsive, the Procurement Entity shall correct arithmetical errors on the following basis:
- (a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of the Procurement Entity there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
 - (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and
 - (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.
- 31.2 Tenderers shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with **ITT 31.1**, shall result in the rejection of the Tender.
- 32 Margin of Preference**
- 32.1 A margin of Preference where applicable shall be provided in accordance with Guidelines provided by PPA as specified in the **TDS**.
- 33 Evaluation of Tenders**
- 33.1 The Procurement Entity shall use the criteria and methodologies listed in **this ITT and Section III**, Evaluation and Qualification Criteria in deciding to conclude a Framework Agreement(s). No other evaluation criteria or methodologies shall be permitted.

 - (e) the additional evaluation factors are specified in Section III, Evaluation and Qualification Criteria.
- 33.4 The Purchaser reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, and alternative offers and other factors which are in excess of the requirements of the Tender documents or otherwise result in unsolicited benefits for the Purchaser will not be taken into account in Tender evaluation
- 33.5 If applicable, the estimated effect of the price adjustment provisions in the Framework Agreement(s) (which determines the Contract Price for a Call-off Contract), applied over the Term of the Framework Agreement, shall not be taken into account in the Primary Procurement Tender evaluation.
- 33.6 The Procurement Entity's evaluation of a Tender will exclude and not take into account:
- (a) in the case of Goods manufactured in Ghana, sales and other similar taxes, which will be payable on the Goods if a Call-off Contract is awarded to the Tenderer;
 - (b) in the case of Goods manufactured outside Ghana, already imported or to be imported, customs duties and other import taxes levied on the imported Goods sales and other similar taxes, which will be payable on the Goods if the Call-off Contract is awarded to the Tenderer;

of the Goods and Related Services or geographic location. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Bids, unless otherwise specified **in the TDS** from amongst those set out in Section III, Evaluation and Qualification Criteria.

- 34 Comparison of Tenders** 34.1 The Procurement Entity shall compare the evaluated costs of all substantially responsive Tenders established in accordance with **ITT 33** to determine the ranking of Tenders based on the lowest evaluated cost. The comparison shall be on the basis of DDP (place of final destination) prices for imported Goods and EXW prices, custom duties plus cost of inland transportation and insurance to place of destination, for Goods manufactured within Ghana, together with prices for any required installation, training, commissioning and other Related Services.
- 35 Qualification of the Tenderer(s)** 35.1 Before concluding a Framework Agreement(s), the Procurement Entity shall determine, to its satisfaction, whether the eligible Tenderer(s) with substantially responsive Tender(s) that are able to meet the Framework Agreement criteria, meet(s) the qualifying criteria specified in **Section III**, Evaluation and Qualification Criteria.
- 35.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to **ITT 17**. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors (other than specialized subcontractors if permitted in the Tender document), or any other firm(s) different from the Tenderer.
- 35.3 An affirmative determination shall be a prerequisite for the conclusion of the Framework Agreement (s) to the Tenderer. A negative determination shall result in disqualification of the Tender.
- 36 Procurement Entity's Right to Accept Any Tender, and to Reject Any or All Tenders** 36.1 The Procurement Entity reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to the conclusion of a Framework Agreement(s), without thereby incurring any liability to Tenderers. 2. Criteria to conclude a Framework Agreement(s) (ITT 37).....	38
3. Post Qualification Criteria (ITT 35)	39

1. Evaluation of Tenders (ITT 33)

Evaluation Criteria (ITT 33)

The Procurement Entity's evaluation of a Tender may take into account, in addition to the Tender Price quoted in accordance with **ITT 14**, one or more of the following factors as specified in **ITT 33.7** and in **TDS** referring to **ITT 33.6** using the following criteria and methodologies.

(a) **Delivery schedule. (As per Incoterms specified in the TDS)**

The Goods covered under this Invitation are required to be delivered (shipped) within an acceptable range of days/weeks/months [as applicable] specified in the Schedule of Requirement. No credit will be given to earlier deliveries, and Tenders offering delivery beyond this range will be treated as nonresponsive. Within this acceptable range, an adjustment per day [insert the adjustment factor], will be added for evaluation to the Tender Price of Tenders offering delivery later than the Earliest Delivery Period specified in the Schedule of Requirements.

(b) **Deviation in Payment Schedule. [Insert the following]**

The SCC stipulates the payment schedule specified by the Purchaser. If a Bid deviates from the schedule and if such deviation is considered acceptable to the Purchaser, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in the SCC, at the rate per annum [insert adjustment rate].

(c) **Cost of major replacement components, mandatory spare parts, and services. [Insert one of the following]**

(i) *The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the **TDS 16.4**, is in the List of Goods. An adjustment equal to the total cost of these items, at the unit prices quoted in each Tender, shall be added to the Tender price, for evaluation purposes only.*

or

(ii) *The Purchaser will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in the initial period of operation specified in the **TDS 16.4**. The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Tenderer and added to the Tender price, for evaluation purposes only.*

(d) Contractual and Commercial Deviations *[Insert one of the following]*.

The cost of all quantifiable deviations and omissions from the contractual and commercial conditions shall be evaluated. The Purchaser will make its own assessment of the cost of any deviations for the purpose of ensuring fair comparison of Tenders.

e) Availability in the Purchaser's Country of spare parts and after sales services for equipment offered in the Tender. *[Insert one of the following]*

An adjustment equal to the cost to the Purchaser of establishing the minimum service facilities and parts inventories if quoted separately, shall be added to the Bid price, for evaluation purposes only.

(f) Life Cycle Costs:

If specified in **TDS 33.6**, an adjustment to take into account the additional life cycle costs for the period specified below, such as the operating and maintenance costs of the Goods, will be added to the Tender price, for evaluation purposes only. The adjustment will be evaluated in accordance with the methodology specified below and the following information:

[Note to Purchaser: Life cycle costing should be used when the costs of operation and/or maintenance over the specified life of the goods are estimated to be considerable in comparison with the initial cost and may vary among different Bids. Life cycle costs shall be evaluated on a net present value basis. If life cycle costs apply, then specify the factors required to determine them for evaluation purposes.

[Either amend the following text as required, or delete if life cycle cost is not applicable]

- (i) number of years for life cycle cost determination *[insert the number of years]*;
- (ii) the discount rate to be applied to determine the net present value of future operation and maintenance costs (recurrent costs) is *[insert the discount rate]*;
- (iii) the annual operating and maintenance costs (recurrent costs) shall be determined on the basis of the following methodology: *[insert methodology]*;
- (iv) and the following information is required from bidders *[insert any information required from Tenderers, including prices]*.

(g) Performance and productivity of the equipment: *[insert one of the following]*

- (i) Performance and productivity of the equipment. An adjustment representing the capitalized cost of additional operating costs over the life of the goods will be added to the Bid price, for evaluation purposes if specified in the TDS 33.6. The adjustment will be evaluated based on the drop in the guaranteed performance or efficiency offered in the Tender below the norm of 100, using the methodology specified below.

[Insert the methodology and criteria, if applicable]

or

- (i) An adjustment to take into account the productivity of the goods offered in the Tender will be added to the Tender price, for evaluation purposes only, if specified in **TDS 33.6**. The adjustment will be evaluated based on the cost per unit of the actual productivity of goods offered in the Tender with respect to minimum required values, using the methodology specified below.

[Insert the methodology and criteria if applicable]

(h) **Specific additional criteria**

*[Other specific additional criteria to be considered in the evaluation, and the evaluation method shall be detailed in TDS 33.6][If specific **sustainable procurement technical requirements** have been specified in Section VII- Specification, **either** state that (i) those requirements will be evaluated on a pass/fail (compliance basis) **or** otherwise (ii) in addition to evaluating those requirements on a pass/fail (compliance basis), if applicable, specify the monetary adjustments to be applied to Tender Prices for comparison purposes on account of Tenders that exceed the specified minimum sustainable procurement technical requirements.]*

- (a) All Tenderers shall be ranked in terms of evaluated cost(s), with the first ranked being the lowest evaluated cost, the second ranked being the second lowest evaluated cost, and so on.

- (b) The Procurement Entity will conclude an FWA with:
 - (i) All the Tenderers ranked in (a) above if no maximum number of suppliers is specified in **TDS ITT 1.2 (I)**.
 - (ii) the Tenderers ranked first up to the maximum number of suppliers (y) specified in the **TDS ITT 1.2 (I)**.
- (c) If the number of Tenderers is less than the minimum (x) specified in the **TDS ITT 1.2 (I)**, the Procurement Entity may decide to invite new Tenders. Alternatively, the Procurement Entity may conclude the FWA with all those Tenderers where, an insufficient number of Tenders are received, or an insufficient number of Tenders meet the criteria for conclusion of Framework Agreements.
- (d) *[Insert any additional criteria e.g. criteria related to selection based on a spread of geographic locations.]*

3. Post Qualification Criteria (ITT 35)

After determining the substantially responsive Tender which offers the lowest-evaluated cost in accordance with **ITT 34**, the Procurement Entity shall carry out the post-qualification of the Tenderer in accordance with **ITT 35**, using only the requirements specified. Requirements not included in the text below shall not be used in the evaluation of the Tenderer's qualifications.

- (a) The Procurement Entity will determine to its satisfaction whether the Tenderer selected as having submitted the lowest evaluated responsive Tender is qualified to satisfactorily perform the Contract.

- (c) An affirmative determination will be a prerequisite for award of the Contract to the Tenderer. A negative determination will result in rejection of the Tenderer's Tender, in which event the Procurement Entity will proceed to the next lowest evaluated Tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

[The Procurement Entity/Lead Entity/Procurement Agent shall select the criteria deemed appropriate for the Secondary Procurement process, using the samples text provided below or other acceptable wording, and delete the text in italics.]

The Secondary Procurement methodology(ies) to be described in this Section must be consistent with the Secondary Procurement method(s) set out in the Invitation for Tenders which resulted in the conclusion of the Framework Agreement.]

Section XI

- (l) *any other relevant information.*

Suppliers are not permitted to quote a price, excluding any additional price for inland transportation and other services required in Ghana to convey the Goods to their final destination specified in RFQ not included in the Base Price, that is higher than the Base Price stated in the Framework Agreement, or as adjusted by the agreed price adjustment formula, if applicable and any changes in any Laws and Regulations in accordance with FWAGP 14.1

1.2 Direct selection based on location *[delete if not applicable as per paragraph 1 above]*
